

BUILDING A SMALL STRUCTURE PROGRAM

THINK. DESIGN. BUILD.

This program is for you if you are passionate about *design, construction, Indigenous culture* and *sustainability*.

Program will provide the following:

1. Tools needed to design and fabricate a project that responds to real-world challenges.
2. Projects to understand design concepts.

Info Sessions will be held on the following dates. Please attend to meet with program staff and have your questions answered.

Wednesday, August 16, 2017 2-3pm

Tuesday, August 22, 2017 2-3pm

Wednesday, August 30, 2017 2-3pm

If you are interested in the program, please contact:
Vickie Labranche, Coordinator – Trades Department
